Funding supports the operations of the Office of the Adjutant General, the headquarters of the Missouri National Guard (MONG). Provides logistical, personnel and command and control in support of MONG units and activities. Key programs include: Military and Veterans Records management, accounting, human resources, contracting, military support to civilian authorities, property accountability, vehicle fleet management, marksmanship, and environmental. Funding supports custodial and maintenance requirements for the MONG headquarters, as well as the State Emergency Management Agency and the Missouri Intelligence Analysis Center which are co-located at the National Guard Headquarters complex. This funding also supports equipment/supplies specific to the drug eradication mission.

The World War I Missouri Memorial located in Cheppy, France is in need of major repair. Cheppy Monument is a historic and important symbol of the country's history. It is in need of repair due to weathering and age. This funding is needed to restore the monument to its original condition, so that it can continue to be enjoyed by visitors for many years to come.

This funding for an additional employee is needed because the Museum has seen a large uptick in walk-in visitors, tour groups, artifact donations, research requests, and traveling exhibit requests. This employee will ensure the Museum can properly staff for tour groups, off-site exhibit requests, speaking requests, and the proper care of donated artifacts. The Museum is inspected each year by U.S. Army Inspector General staff and without proper staffing the Museum may not be able to pass its annual inspection and meet the federal requirements contained in AR (Army Regulation) 870-20 for Army museums. The Museum is also inspected every third year by the Missouri National Guard's USPFO ( United States Property and Fiscal Office). With current staffing of two full time employees, the Museum will have to cut back on programs, events, research, and other wise decrease service to the public.

**USS Missouri, Section 8.510**

Page 67

The USS Missouri is a historic battleship that played a significant role in WWII, the Korean War and the Persian Gulf War. Today, the USS MO is preserved as a museum ship, permanently docked at Pearl Harbor, Hawaii. It serves as a memorial to honor the history and sacrifices made by those who served on board. Visitors can explore the ship, learn about its storied past, and witness the location of the historic surrender ceremony.

**Veterans Recognition Program, Section 8.515**

Page 72

This law authorized by RSMo 42.170-42.222, recognizes WWII veterans, Korean Conflict veterans, and Vietnam War veterans for their patriotic military service to our State and Nation. Any Missouri veteran's spouse or the eldest living survivor of a deceased veteran who meets qualifications for war recognition may apply for a medallion, medal and a certificate. SB 600 (2014) broadened eligibility to Missouri National Guard veterans regardless of residency. This act created two new medallion programs, "Operation Iraqi Freedom and Operation New Dawn" and the "Operation Desert Shield and Operation Desert Storm" which authorizes the issuance of a military medallion, medal and certificate of appreciation to any veteran who served.

**Field Support, Section 8.520**

Page 82

The OT AG/MONG Field Support Program supports the operations and maintenance of the Missouri National Guard readiness centers and associated grounds. The MONG operates 59 readiness centers in 54 locations; the average age of these facilities is in excess of 43 years with 56% being over 40 years of age. These military facilities are state-owned and require recurring funding to support readiness center operations, utilities, building, grounds maintenance and custodial requirements. Adequate Field Support program funding is critical to ensure members of the Missouri National Guard have adequate facilities to conduct daily operations, training, store, and maintain associated military equipment. These facilities are also utilized during state emergency duty as operational staging areas, warming shelters, and distribution points for local communities. The facilities are also utilized by the Highway Patrol as driver testing sites. Failure to provide adequate operational support will ultimately result in a loss of federal funding and resources.

Page 98

Chapter 41.21 O RSMo, authorized the Adjutant General to rent MONG facilities and retain fees collected in the armory revolving fund. Monies collected are to be used to offset the additional operating costs incurred resulting from non-military use (armory rental). Rental monies can be expended up to the amount of fees collected and deposited in the state Treasury.

**Missouri Military Family Relief Fund, Section 8.530**

Page 107

In 2005, HB 437 was signed into law creating the Missouri Military Family Relief Program. This legislation (RSMo 41.216-41.218) established the Missouri Military Family Relief Fund (#0719) which authorizes the Adjutant General to make grants and provide other financial assistance or services to families of persons who are members of the Missouri National Guard or Missouri Residents who are members of the Reserve Forces of the United States. Family Relief payments and services are based on financial need.

**Training Site Revolving Fund, Section 8.535**

Page 117

The Missouri National Guard operates several training sites across Missouri, including the Ike Skelton Training Site (ISTS) which houses the Office of the Adjutant General, SEMA and MIAC and is located 8 miles east of Jefferson City. Approximately 600 FTE are stationed at ISTS and Camp Clark training sites where military and general public employee training is conducted. The MONG Training Site Fund authorized in RSMo 41.212 allows the OTAG to charge for services provided at the training sites and to retain monies collected in the Training Site Revolving Fund to use as an offset to the cost of service.

**Contract Services Program, Section 8.540**

Page 125

The Office of the Adjutant General Contract Service Core Program, through cooperative funding agreements with the Federal Government, National Guard Bureau (Washington, D.C.), provides funding necessary for the operation of Army and Air National Guard Facilities and activities to include: facility minor maintenance and repair, military training, equipment maintenance, telecommunication, automated target ranges, facility security, fire protection, electronic security, environmental and aviation repair. The various federal/state agreements included in the program are supported with 75% and 100% federal funding. The core general revenue and other portions included in this item, requests funding necessary for the 25% state match required to support Missouri's share of the cost of these agreements.

The MO-AVCRAD requires two additional full-time employees to help facilitate additional workload directed from National Guard Bureau (NGB) and Army Aviation Missile Command (AMCOM). We have been tasked with building UH-60V wire harnesses to offset the cost of purchasing new UH-60M helicopters. The goal for the UH-60V program is to build 760 aircraft wire bundles within about a 15-year window. Each UH-60V wire bundle takes roughly 2500-man hours to complete. Converting current National Guard UH-60L aircraft to a UH-60V in lieu of purchasing new UH-60M aircraft provides a cost savings to the Army National Guard in excess of 12 million dollars per aircraft.

**Air Search & Rescue, Section 8.545**

Page 156

Office of Air Search and Rescue (Missouri Civil Air Patrol) RSMo 41.962 provides emergency services for the state, utilizing over 1,000 volunteers, trained search and rescue personnel. Missions include: Rescue operations, aerial observations, ground and airborne radiological monitoring. The cost for USAF approved emergency missions is funded by the Federal Government. State monies requested in this core item support program operations of the state mission of the Civil Air Patrol. Funding is also used to promote aeronautical awareness and education.
